

## **Cambridge Junior College**

### **DRUG AND ALCOHOL PREVENTION PROGRAM**

#### **NOTICE TO STUDENTS AND EMPLOYEES**

Cambridge Junior College has established a Drug and Alcohol Free Awareness Program (DAFAP). The DAFAP encompasses the following four phases:

##### **PHASE ONE**

###### **WARNING OF THE DANGERS OF DRUG AND ALCOHOL ABUSE:**

Drug and alcohol use impairs memory, alertness and achievement. It erodes the capacity to perform, think and act responsibly and can sometimes lead to death. It may be grounds for termination of your enrollment with the institution or other legal action. SCHEDULE A specifically details the Uses and Effects as it relates to alcohol.

##### **PHASE TWO**

###### **THIS INSTITUTION HAS A POLICY OF MAINTAINING A DRUG AND ALCOHOL FREE LEARNING ENVIRONMENT**

All students and employees are hereby notified that the unlawful manufacture, distribution, dispensing, possession or use of illicit drugs and alcohol is prohibited in the institution's learning environment. Any student or employee must notify the institution of any criminal drug and alcohol statute conviction for a violation occurring in the learning environment no later than five days after such conviction. In compliance with the Drug-Free Workplace Act of 1988, the institutions "workplace" consists of the following locations:

Cambridge Junior College (990-A Klamath Lane, Yuba City, CA 95991 and 501 Main Street, Woodland, CA 95695) or, any teaching site, or any "off-site" location (i.e. field trips, job placement or externship site, luncheons, meetings, etc.) where the activities are in any way related to the institution.

##### **PHASE THREE**

###### **LISTING OF THE AVAILABLE LOCAL DRUG COUNSELING, REHABILITATION AND ASSISTANCE PROGRAMS:**

Please refer to SCHEDULE B.

##### **PHASE FOUR**

###### **NON-COMPLIANCE WITH THE TERMS OF THIS INSTITUTION'S DRUG-FREE WORKPLACE STATEMENT**

Non-compliance will result in the following action being taken by this institution:

- a. The student or employee would be required to actively participate in a drug or alcohol abuse assistance or rehabilitation program approved by federal, state or local health, law enforcement or other appropriate agency. Attached SCHEDULE C contains a description of the applicable legal sanctions under local, State, and Federal law for unlawful possession, use, or distribution of illicit drugs and alcohol.
- b. Community service with one of the above stated agencies.
- c. Termination of enrollment or employment.

*Cambridge Junior College will conduct a biennial review of the campus drug and alcohol abuse prevention program to determine its effectiveness and implement changes to the program if they are needed; and ensure that its disciplinary sanctions are consistently enforced.*

## Drug Violations

Students, who are convicted of a drug violation, must report the conviction to the Director. A federal or state drug conviction can disqualify a student for FSA funds. Although, a student may be eligible to regain Title IV eligibility, Cambridge Junior College reserves the right not to re-enter students dismissed from Cambridge Junior College due to a drug conviction

## SCHEDULE A

### ALCOHOL USES AND EFFECTS

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

## SCHEDULE B

### DRUG COUNSELING, REHABILITATION, AND ASSISTANCE PROGRAMS

### Sutter/Yuba Counties

Sutter-Yuba Mental Health Services/AOD Options for Change 1965 Live Oak Blvd. Yuba City, CA 94992 (530) 822-7200	Pathways Drug and Alcohol treatment 430 Teagarden Ave. Yuba City, California (530) 674-4530

## SCHEDULE C

### FEDERAL PENALTIES AND SANCTIONS FOR ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE

#### 21 U.S.C. 844(a)

1st conviction: Up to 1 year imprisonment and fined at least \$1,000 but not more than \$100,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500 but not more than \$250,000, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5,000 but not more than \$250,000, or both.

Special sentencing provisions for possession of crack cocaine: Mandatory at least 5 years in prison not to exceed 20 years and fined up to \$250,000, or both, if:

- (a) 1st conviction and the amount of crack possessed exceed 5 grams.
- (b) 2nd crack conviction and the amount of crack possessed exceed 3 grams.
- (c) 3rd or subsequent crack conviction and the amount of crack possessed exceeds 1 gram,

#### 21 U. S. C. 853 (A)(2) AND 881(A) (7)

Forfeiture of personal and real property used to possess or facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment. (See special sentencing provisions re: crack)

21 U. S. C. 861(A) (4)

Forfeiture of vehicles, boats, aircraft or any other conveyance used to transport or conceal a controlled substance.

21 U. S. C. 844a

Civil fine up to \$10,000 (pending adoption of final regulations).

21 U. S. C. 853a

Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 1 year for the first offense, up to 5 years for second and subsequent offenses.

18 U. S. C. 922(g)

Ineligible to receive or purchase a firearm.

Miscellaneous

Revocation of certain Federal licenses and benefits, e.g. pilot's licenses, public housing tenancy, etc., are vested within the authorities of individual Federal agencies.

NOTE: These are only Federal penalties and sanctions. Additional State penalties and sanctions may apply.

The following pages contain drug trafficking tables as published by the US Department of Justice, Drug Enforcement Agency, in their publication *Drugs of Abuse* (2011). For specific lists of drugs and the schedules they fall under, you can access this publication on the following website link.

[http://www.justice.gov/dea/pr/multimedia-library/publications/drug\\_of\\_abuse.pdf](http://www.justice.gov/dea/pr/multimedia-library/publications/drug_of_abuse.pdf)

Also inserted is a table on Uses and Effects of drugs as published by the US Department of Justice, Drug Enforcement Agency, in their publication *Drugs of Abuse* (2005).

The following tables were published by the U.S. Department of Justice, Drug Enforcement Agency, in *Drugs of Abuse* (2011)

### FEDERAL TRAFFICKING PENALTIES — MARIJUANA

DRUG	QUANTITY	1st OFFENSE	2nd OFFENSE*
Marijuana (Schedule I)	1,000 kg or more mixture; or 1,000 or more plants	<ul style="list-style-type: none"> <li>Not less than 10 years, not more than life</li> <li>If death or serious injury, not less than 20 years, not more than life</li> <li>Fine not more than \$4 million if an individual, \$10 million if other than an individual</li> </ul>	<ul style="list-style-type: none"> <li>Not less than 20 years, not more than life</li> <li>If death or serious injury, mandatory life</li> <li>Fine not more than \$8 million if an individual, \$20 million if other than an individual</li> </ul>
Marijuana (Schedule I)	100 kg to 999 kg mixture; or 100 to 999 plants	<ul style="list-style-type: none"> <li>Not less than 5 years, not more than 40 years</li> <li>If death or serious injury, not less than 20 years, not more than life</li> <li>Fine not more than \$2 million if an individual, \$5 million if other than an individual</li> </ul>	<ul style="list-style-type: none"> <li>Not less than 10 years, not more than life</li> <li>If death or serious injury, mandatory life</li> <li>Fine not more than \$4 million if an individual, \$10 million if other than an individual</li> </ul>
Marijuana (Schedule I)	More than 10 kgs hashish; 50 to 99 kg mixture More than 1 kg of hashish oil; 50 to 99 plants	<ul style="list-style-type: none"> <li>Not more than 20 years</li> <li>If death or serious injury, not less than 20 years, not more than life</li> <li>Fine \$1 million if an individual, \$5 million if other than an individual</li> </ul>	<ul style="list-style-type: none"> <li>Not more than 30 years</li> <li>If death or serious injury, mandatory life</li> <li>Fine \$2 million if an individual, \$10 million if other than individual</li> </ul>
Marijuana (Schedule I)	1 to 49 plants; less than 50 kg	<ul style="list-style-type: none"> <li>Not more than 5 years</li> <li>Fine not more than \$250,000; \$1 million other than individual</li> </ul>	<ul style="list-style-type: none"> <li>Not more than 10 years</li> <li>Fine \$500,000 if an individual, \$2 million if other than individual</li> </ul>
Hashish (Schedule I)	10 kg or less		
Hashish Oil (Schedule I)	1 kg or less		

\*The minimum sentence for a violation after two or more prior convictions for a felony drug offense have become final is a mandatory term of life imprisonment without release and a fine up to \$8 million if an individual and \$20 million if other than an individual.

### FEDERAL TRAFFICKING PENALTIES

DRUG SCHEDULE	QUANTITY	PENALTIES	QUANTITY	PENALTIES
Cocaine (Schedule II)	500 - 4999 gms mixture	<b>First Offense:</b> Not less than 5 yrs, and not more than 40 yrs. If death or serious injury, not less than 20 or more than life. Fine of not more than \$5 million if an individual, \$25 million if not an individual. <b>Second Offense:</b> Not less than 10 yrs, and not more than life. If death or serious injury, life imprisonment. Fine of not more than \$8 million if an individual, \$50 million if not an individual.	5 kgs or more mixture	<b>First Offense:</b> Not less than 10 yrs, and not more than life. If death or serious injury, not less than 20 or more than life. Fine of not more than \$10 million if an individual, \$50 million if not an individual. <b>Second Offense:</b> Not less than 20 yrs, and not more than life. If death or serious injury, life imprisonment. Fine of not more than \$20 million if an individual, \$75 million if not an individual. <b>2 or More Prior Offenses:</b> Life imprisonment.
Cocaine Base (Schedule I)	28-279 gms mixture		280 gms or more mixture	
Fentanyl (Schedule II)	40 - 399 gms mixture		400 gms or more mixture	
Fentanyl Analogue (Schedule I)	10 - 99 gms mixture		100 gms or more mixture	
Heroin (Schedule I)	100 - 999 gms mixture		1 kg or more mixture	
LSD (Schedule I)	1 - 9 gms mixture		10 gms or more mixture	
Methamphetamine (Schedule II)	5 - 49 gms pure or 50 - 499 gms mixture		50 gms or more pure or 500 gms or more mixture	
PCP (Schedule II)	10 - 99 gms pure or 100 - 999 gms mixture		100 gm or more pure or 1 kg or more mixture	

PENALTIES				
Other Schedule I & II drugs (and any drug product containing Gamma Hydroxybutyric Acid)	Any amount	<b>First Offense:</b> Not more than 20 yrs. If death or serious injury, not less than 20 yrs, or more than life. Fine \$1 million if an individual, \$5 million if not an individual. <b>Second Offense:</b> Not more than 30 yrs. If death or serious injury, not more than 15 yrs. Fine \$2 million if an individual, \$10 million if not an individual.		
Other Schedule III drugs	Any amount	<b>First Offense:</b> Not more than 10 years. If death or serious injury, not more than 15 yrs. Fine not more than \$500,000 if an individual, \$2.5 million if not an individual. <b>Second Offense:</b> Not more than 20 yrs. If death or serious injury, not more than 20 yrs. Fine not more than \$1.5 million if an individual, \$5 million if not an individual.		
All other Schedule IV drugs	Any amount	<b>First Offense:</b> Not more than 5 years. Fine not more than \$250,000 if an individual, \$1 million if not an individual.		
Flunitrazepam (Schedule IV)	Less than 1 gm	<b>Second Offense:</b> Not more than 10 yrs. Fine not more than \$500,000 if an individual, \$2 million if not an individual.		
All Schedule V drugs	Any amount	<b>First Offense:</b> Not more than 1 yr. Fine not more than \$100,000 if an individual, \$250,000 if not an individual. <b>Second Offense:</b> Not more than 4 yrs. Fine not more than \$200,000 if an individual, \$500,000 if not an individual.		

Drug	Chemical	Trade or Other Name	Medical Use	Physical/ Psychological Dependence	Tolerance (Hours)	Duration (Hours)	Usual Method	Possible Effects	Effect of Overdose	Withdrawal Syndrome
<b>BARBITURATES</b>										
Barbitals	Substance I	Barbitals	None in U.S. Analytic	High	High	3-4	Ingested, snorted	Euphoria, depression, respiratory depression, convulsed pupils, coma	Slow and shallow breathing, slurred speech, coma, possible death	Voluntary coma, coma, possible death
Hydroxycarbonyl	Substance II	Hydroxycarbonyl	Anesthetic	High	High	3-12	Oral, injected, snorted	Depression, convulsed pupils, coma	Coma, possible death	Initial lethargy, nausea, vomiting, coma, death and possible death
Thiopental	Substance III	Thiopental	Anesthetic	High	High	3-4	Oral, injected	Depression, convulsed pupils, coma	Coma, possible death	Initial lethargy, nausea, vomiting, coma, death and possible death
Secobarbital	Substance IV	Secobarbital	Anesthetic	High	High	3-4	Oral, injected	Depression, convulsed pupils, coma	Coma, possible death	Initial lethargy, nausea, vomiting, coma, death and possible death
Other Barbiturates	Substance V	Other Barbiturates	Anesthetic	High	High	3-4	Oral, injected, snorted	Depression, convulsed pupils, coma	Coma, possible death	Initial lethargy, nausea, vomiting, coma, death and possible death
<b>BENZODIAZEPINES</b>										
Alprazolam	Substance I	Alprazolam	Anxiolytic, sedative, muscle relaxant, hypnotic	High	High	3-6	Oral	Stupor, speech disturbance, ataxia, impaired memory, impaired reflexes with alcohol	Shallow respiration, slurred speech, coma, possible death	Agitation, insomnia, nervousness, depression, possible death
Clonazepam	Substance II	Clonazepam	Anxiolytic, sedative, muscle relaxant, hypnotic	High	High	3-6	Oral	Stupor, speech disturbance, ataxia, impaired memory, impaired reflexes with alcohol	Shallow respiration, slurred speech, coma, possible death	Agitation, insomnia, nervousness, depression, possible death
Other Benzodiazepines	Substance III	Other Benzodiazepines	Anxiolytic, sedative, muscle relaxant, hypnotic	High	High	3-6	Oral	Stupor, speech disturbance, ataxia, impaired memory, impaired reflexes with alcohol	Shallow respiration, slurred speech, coma, possible death	Agitation, insomnia, nervousness, depression, possible death
<b>STIMULANTS</b>										
Amphetamine/ Methamphetamine	Substance I	Amphetamine/ Methamphetamine	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	1-2	Smoked, snorted, injected	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Methylphenidate	Substance II	Methylphenidate	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	2-4	Oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Other Stimulants	Substance III	Other Stimulants	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	2-4	Oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
<b>MULTI-DRUGS</b>										
MDA and Amphetamine	Substance I	MDA and Amphetamine	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	4-6	Oral, snorted, smoked	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
LSD	Substance I	LSD	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	8-12	Oral	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Phenylethylamine and Analog	Substance I, II, III	Phenylethylamine and Analog	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	1-12	Smoked, oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Other Hallucinogenic Substances	Substance I	Other Hallucinogenic Substances	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	4-8	Oral	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
<b>CANNABIS</b>										
Marijuana	Substance I	Marijuana	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	2-4	Smoked, oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
THC	Substance I	THC	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	2-4	Smoked, oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Other Cannabinoids	Substance I	Other Cannabinoids	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	2-4	Smoked, oral, injected, snorted	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
<b>ANABOLIC STEROIDS</b>										
Testosterone	Substance I	Testosterone	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	14-20 days	Ingested	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite
Other Anabolic Steroids	Substance I	Other Anabolic Steroids	Stimulant, anorectic, appetite suppressant, weight loss agent	High	High	14-20 days	Ingested	Increased alertness, increased energy, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite	Agitation, increased heart rate, increased blood pressure, increased loss of appetite

## Schedule D

### LOCAL PENALTIES AND SANCTIONS FOR ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE AND ALCOHOL:

In addition to the aforementioned federal and the following state sanctions, local ordinances generally provide for legal sanctions for unlawful possession or distribution of illicit drugs and alcohol.

### STATE OF CALIFORNIA PENALTIES AND SANCTIONS FOR ILLEGAL POSSESSION OF A CONTROLLED SUBSTANCE

This schedule contains a list of some of the laws pertaining to the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or alcohol. Because the laws change from time to time, the information provided in the schedule is illustrative, not exhaustive.

#### State Codes and Sentences – California Health and Safety Code

For a complete listing of codes and sentences under California criminal law, please check the following website

<http://www.leginfo.ca.gov/cgi-bin/calawquery?codesection=hsc&codebody=&hits=20>

#### California Penal Code Drug Felony Sentencing Schedule

In California, all drug-related charges fall under the Health & Safety Code sections of the law.

Health & Safety Code Section	Description of Crime	Term in Years and Months
1390	Willful violation of health care services provisions	1 year 4 months, 2 years, 3 years
11100	Transferring a controlled substance without reporting or filing a false report with a previous conviction	1 year 4 months, 2 years, 3 years
11100.1	Failing to report receipt of a controlled substance with a previous conviction	1 year 4 months, 2 years, 3 years
11104	Transfer of substances with knowledge of intent to manufacture a controlled substance	1 year 4 months, 2 years, 3 years
11104(a)	Transfer of substance with knowledge of intent to manufacture a controlled substance	1 year 4 months, 2 years, 3 years
11105	Knowingly making a false statement on a report of drug activity	1 year 4 months, 2 years, 3 years
11105	Violation of section with a previous conviction	2 years, 3 years, 4 years
11106	Transferring a controlled substance without a permit	1 year 4 months, 2 years, 3 years
11153	Issuing a prescription to an addict or habitual user of a controlled substance	1 year 4 months, 2 years, 3 years
11153.5	A wholesaler knowingly furnishing a controlled substance not for medical purposes	1 year 4 months, 2 years, 3 years
11162.5	Counterfeiting an official prescription blank	1 year 4 months, 2 years, 3 years
11350(a)	Possession of a controlled substance	1 year 4 months, 2 years, 3 years
11351	Possession of a controlled substance for sale	2 years, 3 years, 4 years
11352(a)	The sale or transportation of a controlled substance	3 years, 4 years, 5 years
11353	An adult inducing a minor's involvement with a controlled substance	3 years, 6 years, 9 years
11353.5	Sale by an adult to a minor of a controlled substance at a school or a public playground	5 years, 7 years, 9 years
11354	Minor inducing another minor's involvement with a controlled substance	1 year 4 months, 2 years, 3 years
11355	Selling and/or furnishing a substance which is falsely represented to be a controlled substance	1 year 4 months, 2 years, 3 years
11358	Cultivating, harvesting, and/or processing marijuana	1 year 4 months, 2 years, 3 years
11359	Possession of marijuana for sale	1 year 4 months, 2 years, 3 years
11360(a)	The sale or transportation of marijuana	2 years, 3 years, 4 years
11361(a)	An adult involving a minor under 14 years of age with marijuana	3 years, 5 years, 7 years

11361(b)	An adult involving a minor 14 years of age or over with marijuana	3 years, 4 years, 5 years
11363	Cultivating, harvesting and/or processing peyote	1 year 4 months, 2 years, 3 years
11364.7(b)	Manufacturing drug paraphernalia	1 year 4 months, 2 years, 3 years
11366	Maintaining a place for selling and/or using a controlled substance	1 year 4 months, 2 years, 3 years
11366.5(a)	Managing a place for manufacture, storage and/or the distribution of a controlled substance	1 year 4 months, 2 years, 3 years
11366.5	Violation of Health & Safety Code Section 11366.5(a) with a prior conviction	2 years, 3 years, 4 years
11366.7	The sale of chemical, drug or lap equipment for unlawful use	1 year 4 months, 2 years, 3 years
11368	Forgery or the alteration of prescription for any narcotic drug	1 year 4 months, 2 years, 3 years
11370.1	Possession of a controlled substance while in possession of a loaded firearm	2 years, 3 years, 4 years
11370.9	Receiving, transferring, investing, or the managing of funds over \$25,000 derived from controlled substance offenses	2 years, 3 years, 4 years
11371.1	To violate and/or induce a minor to violate controlled substance laws	1 year 4 months, 2 years, 3 years
11375(b)(1)	Possession for sale of a designated controlled substance	1 year 4 months, 2 years, 3 years
11378.5	Possession of PCP with intent to sell	3 years, 4 years, 5 years
11379.6(a)	Manufacturing a controlled substance	3 years, 4 years, 5 years
11382	Selling or furnishing a substance falsely represented to be a controlled substance	1 year 4 months, 2 years, 3 years
11383(a)	Possession of materials with intent to manufacture methamphetamine	2 years, 4 years, 6 years
11383(b)	Possession of materials with intent to manufacture PCP	2 years, 4 years, 6 years
11383(f)	Possession of immediate precursors with intent to manufacture methamphetamine	2 years, 4 years, 6 years
11390	Possession of mushrooms as a controlled substance	1 year 4 months, 2 years, 3 years
11391	Sale or transportation of mushrooms as a controlled substance	1 year 4 months, 2 years, 3 years
11550(e)	Under the influence of a controlled substance while in possession of a loaded firearm	1 year 4 months, 2 years, 3 years

California's drunk driving law is also a drug driving law. It refers to "driving under the influence of alcohol **and/or** drugs." If an officer suspects that you are under the influence of drugs, the officer can legally require you to take a breath, blood or urine test. Drivers who refuse these tests are subject to longer license suspensions and revocations.

For a complete listing of the most up-to-date laws and regulations please refer to the California DMV Website [http://dmv.ca.gov/pubs/hdbk/actions\\_drink.htm](http://dmv.ca.gov/pubs/hdbk/actions_drink.htm)

The following is copied directly from the DMV handbook.

### ***Alcohol/Drugs and Driving Is Dangerous***

Alcohol and/or drugs impair your judgment. Impaired judgment or good sense affects how you react to sounds and what you see. It is also dangerous to walk in traffic or ride a bicycle while under the influence of alcohol or drugs. It takes about an hour for the body to get rid of each "drink." If a person has had more than one drink an hour, one hour of "sobering up" time should be allowed for each extra drink consumed before driving. Better still, someone who has not been drinking should drive ([refer to the "Designated Driver Program" section](#)).

Much of what has been said about alcohol also applies to drugs. California's drunk driving law is also a drug driving law. It refers to "driving under the influence of alcohol **and/or** drugs." If an officer suspects that you are under the influence of drugs, the officer can legally require you to take a blood or urine test. Drivers who refuse these tests are subject to longer driver license suspensions and revocations.

The use of any drug (the law does not distinguish between prescription, over-the-counter, or illegal drugs) which impairs your ability to drive safely is illegal. Check with your physician or pharmacist and read the warning label if you are not sure that taking the medication will affect your driving. Here are some facts:

- Most drugs taken for colds, hay fever, allergy, or to calm nerves or muscles can make a person drowsy.
- Medicines taken together or used with alcohol can be dangerous. Many drugs have unexpected side effects when taken with alcohol.
- Pep pills, "uppers," and diet pills can make a driver more alert for a short time. Later, however, they can cause a person to be nervous, dizzy, and not able to concentrate. They can also affect the vision.

Any drug that "may cause drowsiness or dizziness" is one you should not take before driving. Make sure you read the label and know the effects of any drug you use.

### ***Carrying Alcohol in a Vehicle***

The law is very strict about carrying alcohol or drugs in a vehicle, whether the vehicle is on or off the highway. You must not drink any amount of alcohol in any vehicle.

A container of liquor, beer, or wine carried inside the vehicle must be full, sealed, and unopened. Otherwise, it must be kept in the trunk of the vehicle or in a place where passengers do not sit. Keeping an opened alcoholic drink in the glove compartment is specifically against the law.

In a bus, taxi, camper, or motor home, this law does not apply to non-driving passengers.

### ***Drivers Under 21 (Possession of Alcohol)***

If you are under 21 years of age:

- You may not carry liquor, beer, or wine inside a vehicle unless you are accompanied by a parent or other person as specified by law and the container is full, sealed, and unopened.
- If you are caught with an alcoholic beverage in your vehicle, the vehicle may be impounded for up to 30 days. The court may fine you up to \$1,000, and either suspend your driving privilege for one year **or** require the DMV to delay the issuance of your first driver license for up to one year, if you are not already licensed.
- Your driving privilege will be revoked for one year, if you are convicted of either driving with a Blood Alcohol Concentration (BAC) of 0.01% or higher or Driving Under the Influence (DUI) of alcohol and/or drugs. On the first offense you will be required to complete the educational portion of a licensed DUI program. A subsequent offense may require a longer DUI program and you will not have a restricted driver license to attend the DUI program.

**Exception:** You may carry alcoholic beverages in closed containers, while working for someone with an off-site liquor sales license.

### ***Drivers of All Ages***

It is illegal to drive after consuming excessive amounts of alcohol in any form (including medications such as cough syrup), or taking any drug (including prescription medications), or using any combination of alcohol or drugs.

### ***Blood Alcohol Concentration (BAC) Limits***

It is illegal for any person to operate a vehicle with a:

- BAC of 0.08% or higher, if the person is age 21 or older.
- BAC of 0.01% or higher, if the person is under age 21.
- BAC of 0.01% or higher at any age, if the person is on Driving under the Influence (DUI) probation.
- BAC of 0.04% or higher, in any vehicle requiring a commercial driver license (CDL)—with or without a CDL issued to the driver.

The DMV can take an administrative action against your driving privilege after you are detained or arrested, **and** the court may take a separate action (suspend, revoke, or delay the driver license) for the same offense. DMV's action is related only to your driving privilege. The court's action may involve the payment of a fine, jail time, suspension or revocation of your driving privilege, and completion of a DUI program.

Similar provisions (California Harbors and Navigation Code) apply when you operate any vessel, aquaplane, jet skis, water skis, or similar devices. These convictions are placed on your driving record and will be used by the court to determine "prior convictions" for motor vehicle DUI sentencing. These convictions are also used when

determining the length of a suspension or revocation action or the reinstatement requirements, because of a violation you committed while driving a motor vehicle.

### Get a DUI – Lose Your License!

It is illegal to drive with a Blood Alcohol Content (BAC) of .08% or more (.04% for commercial vehicle drivers and .01% if under 21). Other factors, such as fatigue, medications or food may affect your ability to legally operate a vehicle. The table below gives an estimate of blood alcohol levels based on the number of drinks consumed, gender and body weight. **REMEMBER:** Even one drink is likely to affect your ability to drive safely!

BLOOD ALCOHOL CONTENT (BAC) Table for Male (M) / Female (F)										
Number of Drinks		Body Weight in Pounds							Driving Condition	
		100	120	140	160	180	200	220		240
0	M	.00	.00	.00	.00	.00	.00	.00	.00	Only Safe Driving Limit
	F	.00	.00	.00	.00	.00	.00	.00	.00	
1	M	.06	.05	.04	.04	.03	.03	.03	.02	Driving Skills Impaired
	F	.07	.06	.05	.04	.04	.03	.03	.03	
2	M	.12	.10	.09	.07	.07	.06	.05	.05	
	F	.13	.11	.09	.08	.07	.07	.06	.06	
3	M	.18	.15	.13	.11	.10	.09	.08	.07	
	F	.20	.17	.14	.12	.11	.10	.09	.08	
4	M	.24	.20	.17	.15	.13	.12	.11	.10	Legally Intoxicated
	F	.26	.22	.19	.17	.15	.13	.12	.11	
5	M	.30	.25	.21	.19	.17	.15	.14	.12	
	F	.33	.28	.24	.21	.18	.17	.15	.14	

Subtract .01% for each 40 minutes of drinking.  
1 drink = 1.5 oz. 80 proof liquor, 12 oz. 5% beer, or 5 oz. 12% wine.  
Fewer than 5 persons out of 100 will exceed these values.

I have read and understand the above DRUG AND ALCOHOL PREVENTION PROGRAM.
